Attn Roger Myklebust
1201 3rd Ave Ste 3400
Seattle WA 98101

Dear Mr. Myklebust:

Re: Water Right Permit No. G2-28893

In compliance with your request, you are hereby granted an extension of time until **March 1, 2009**, to put the water to full beneficial use and file a notice of such action under the above mentioned permit.

Please submit the following when the actual water has been put to full beneficial use:

- ° Proof of Appropriation form filled out and notarized
- ° \$21.00 check payable to the Jefferson County Auditor's Office
- ° \$5.00 check payable to the Department of Ecology

Please send both checks to the Department of Ecology and we will forward the Auditor check along with your Certificate to the County Auditor's Office for recording. **Also, the County Auditor is requiring that we have the parcel number for your property added to your Certificate. Please provide the parcel number for the point of withdrawal/diversion and the place of use.**

If you do not expect to have the water put to full beneficial use by **March 1, 2009**, you should request further extensions, as needed. To request additional extensions, you will need to submit a letter explaining why an extension is needed, including how many more connections are proposed on this water system. You may extend for more than one year at a time at a rate of \$5.00 per year.

This Order may be appealed pursuant to RCW Chapter 43.21B. The person to whom this Order is issued must file an appeal with the Pollution Control Hearings Board **within thirty (30) days of receipt of this Order**. Send the appeal to: Pollution Control Hearings Board, P.O. Box 40903, Olympia, Washington 98504-0903. At the same time, a copy of the appeal **must** be sent to: Department of Ecology, Water Resources Appeals Coordinator, P.O. Box 47600, Olympia, Washington 98504-7600. All others receiving notice of this Order must file an appeal with the Pollution Control Hearings Board **within thirty (30) days of the date the Order was received** in the same manner described above.

If you have any questions or concerns about any of this information, please call Tina Russell at (360) 407-6918 or Teresa Hanson at (360) 407-0270.

Sincerely,

Thomas Loranger

Re: Water Permit No. G2-28893

Dear Ms. Hanson:

I am writing in response to your March 16, 2005 letter relating to our water rights permit for Pulali Point. Pulali Point consists of eight lots on approximately twenty acres. The owners of the lots are the holders of the Water Permit No. G2-28893 and the attendant water rights. I am the owner of lot 5.

As I discussed with Ms. Russell in your office, we have not yet put our water system to full use as I understand that term, since not all of the lots have occupied premises utilizing water on a regular basis. Each lot is fully connected to our water system and has the ability to obtain water for its own use at any time. We maintain our system ourselves and have hired Twiss Analytical Laboratories, Inc. to monitor our water and work with the Health Department.

At this time, two of the lots have completed residences and two more owners are in the process of planning and hopefully constructing residences this summer. All of these residences are or will be connected to our water system and use the water on a regular basis. Although they anticipate doing so in the future, none of the owners of the other four lots have immediate plans for constructing residences in the near future. We are, therefore, requesting a four (4) year extension of time to put our water to full use.

I am enclosing a check in the amount of twenty dollars (\$20.00), which I understand covers the five dollar charge for each year of the extension.

Dear Mr. Myklebust:

Re: Water Permit No. G2-28893

While checking the progress of your water right, I noticed that you have not sent in the **Proof of Appropriation** form.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. **The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology.**

\$5.00 payable to the Department of Ecology

AND

\$21.00 payable to the Jefferson County Auditor

Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a \$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year. If an extension is needed, please send \$5.00 payable to the Department of Ecology along with your request to extend your file until **March 1, 2006**.

If we do not hear from you within **thirty (30) days** from the date of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have any questions or concerns about this process, please contact Tina Russell at (360) 407-6918 or myself at (360) 407-0270.

Sincerely,

Teresa Hanson

Pulali Point Water System
Attn Roger Myklebust
1201 3rd Avenue Ste 3400
Seattle WA 98101

Dear Mr. Myklebust:

RE: Water Permit No. G2-28893

We have received your Notice of Completion of Construction associated with the above-numbered permit.

Enclosed is a Proof of Appropriation form, which is to be filed **when the water has been put to full beneficial use**. Full beneficial use means that water is being used in agreement with the terms of the permit. You may complete and file the Proof of Appropriation form for less water than authorized in the permit, if the project is complete and less water is being used than anticipated.

If you cannot put the water to full beneficial use by **March 1, 2005**, please contact the Department of Ecology. Permit cancellation may result for failing to timely file the Proof of Appropriation form.

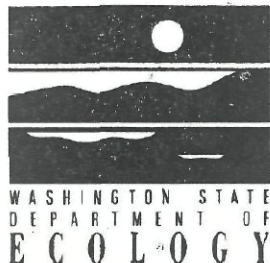

The fees for filing and recording your Water Right Certificate are **\$5.00 payable to the Department of Ecology and \$11.00 payable to the Jefferson County Auditor**. Send the Proof of Appropriation form and both checks to the Department of Ecology. Also, the County Auditor is **requiring** that we have the **parcel number** for the point of diversion/withdrawal and the place of use, added to your certificate. *Do not submit your fees and paperwork until you have put the water to full beneficial use.*

If you have any questions or concerns on the above information, please call Tina Russell at (360) 407-6918 or myself at (360) 407-0270.

Sincerely,

Teresa Hanson

Re: Pulali Point Water System, G2-28893

Dear Ms. Carroll:

As we discussed, I am enclosing the Construction Notice for our water system, Pulali Point Water System, located in Jefferson County. I have also enclosed correspondence between our engineer and the Department of Health relating to the completion of the system.

Thank you for your assistance. If you have any questions, do not hesitate to call me.

Very truly yours,

Roger A. Myklebust
